Accommodation

Tumbili Lodge

You've been dreaming of your Tanzanian safari for so long and the day when it begins has finally arrived. We'll greet you, give you a quick rundown on what happens next and answer your questions. Then we'll take you out to discover what this incredible country has to offer.

You'll spend some time in Arusha, where there's always something happening. The endlessly busy streets are a fascinating performance in their own right, but the city also has clamorous markets, excellent museums and a fun food scene. Best of all, it's a window on local life that you just can't get out in the safari parks.

Lake Manyara National Park

Accommodation

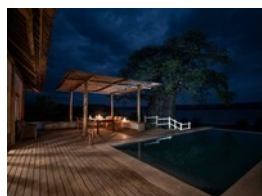

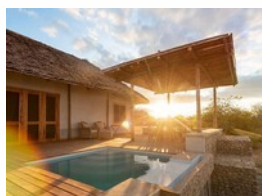

Manyara's Secret

Lake Manyara is one of the most underestimated national parks in Tanzania's northern safari circuit. Everything you'll see here is on a different scale, at once compact (this is one of the narrowest parks in Africa) and epic (the Rift Valley escarpment towers over Lake Manyara's western boundary). You'll see plenty of baboons and elephants in the park's thick evergreen forest, and watch for the tree-climbing lions that have become famous throughout Africa. Thanks to the proximity of lake, forest and rock walls, the birdlife will also tease out your inner birder – don't forget your binoculars.

Accommodation **Manyara's Secret**

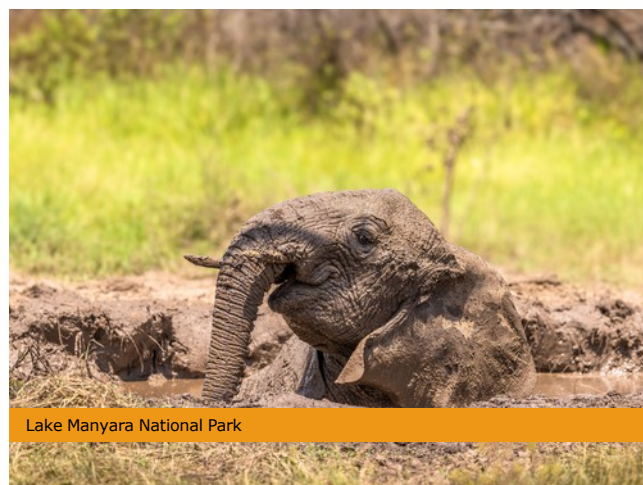

Lodge

At Manyara's Secret you have a privileged position next to the eastern shore of Lake Manyara – no other places in the area have a location anything like it. Whether you're in one of the many swimming pools (some of which are attached to the private villas) or sipping a cocktail on the public terrace, there's so much to enjoy here. The designer villas are super-stylish and the food here is first-class.

Central Serengeti National Park

When people dream of the Serengeti, it's probably the Central Serengeti they're dreaming of. That's because you're in the perfect place to see all that the Serengeti has to offer, and this is the area of the park where wildlife is present in the biggest numbers. It's also filled with acacia trees and those Serengeti horizons that seem to go on forever.

Ngorongoro Highlands

Accommodation

Ngorongoro Lion's Paw Camp

Explore the Ngorongoro Highlands, the high-altitude forests that cover the landscape close to Ngorongoro Crater. The climate here is much cooler than elsewhere in northern Tanzania, and the views of craters and mountains can be spectacular. Watch also for wildlife, including lions, buffaloes and even leopards, in the forests.

Accommodation **Ngorongoro Lion's Paw Camp**

Tented camp

Staying at Ngorongoro Lion's Paw Camp means surrounding yourself with all that's good about staying high on the crater rim. The views from the terrace and other places around camp are superb, while the safari tents are large, luxurious and beautifully designed. Trees surround the camp, and you'll eat and drink well in the restaurant and bar.

Meal Plan – Day 6

Day 7

Ngorongoro Crater

You'll learn why magical Ngorongoro is unlike anywhere else in Africa. Cloud forests encircle the crater rim, and the view out across the caldera of this former volcano – quite apart from the altitude – will leave you gasping for air. Your drive down a steep trail carries you onto the crater floor where a unique wildlife offering is added to the sheer beauty of the experience. You'll share the sunken ecosystem of the crater floor with hyenas, lions, elephants, black rhinos and hippos. An ecosystem that has formed in the crater in the millennia since the volcano wrought its terrible fury upon the land. It could just be one of your best safari days ever.

This is where your safari in Tanzania will end. We hope that you have had the most fabulous trip and we can't wait to help you plan your next safari.
