This is where all of your planning becomes a reality: your safari starts now. Tanzania is such a wonderful country when it comes to wildlife and beautiful landscapes. After we greet you and answer any questions you might have, we'll take great pleasure in taking you out and showing you what we mean.

The streets of Arusha are fantastic places for you to learn a little more about local life in a northern Tanzanian city. Apart from the endless fascination of life on these busy streets, there are museums, markets, and a rewarding local food scene for you to experience.

Day 3

Tarangire National Park

Accommodation

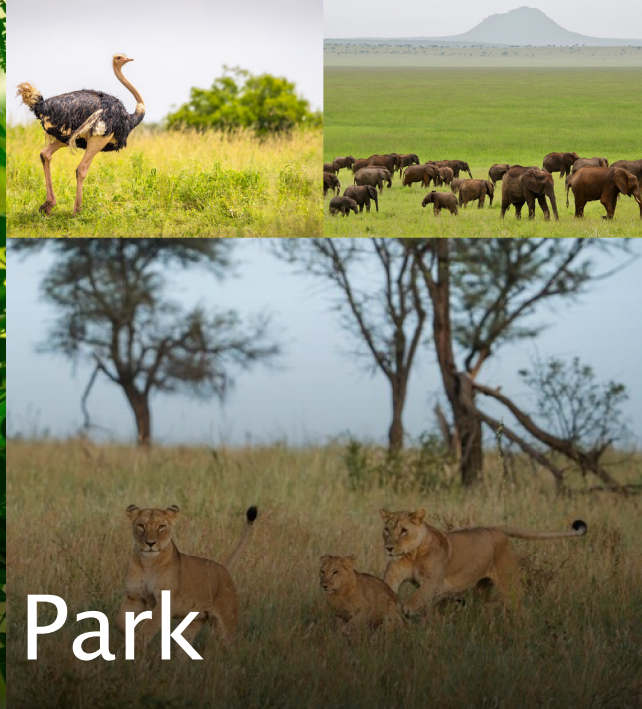

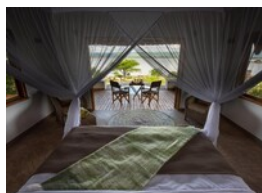

Manyara's Secret

We think you'll be impressed with Tarangire National Park. Most visitors love the distinct shapes of the baobab trees silhouetted against the sky that make this place feel like a fairy-tale African landscape. Or visitors remember the elephants that roam in family bands everywhere throughout the park. If you're lucky, you'll also encounter the big cats – lions especially, but also cheetahs and leopards – that are always a possibility here. And there's a fair degree of certainty that you will tick wildebeest, giraffe, hippo, buffalo and zebra off your wildlife-viewing list.

Accommodation **Manyara's Secret**

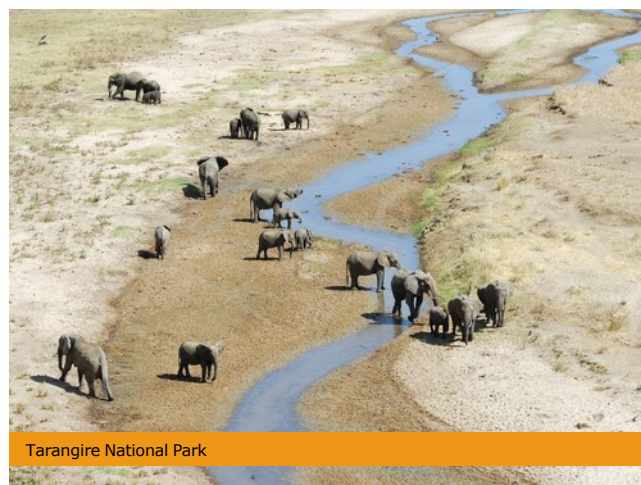

Lodge

Surprisingly few of the lodges and camps that surround Lake Manyara National Park take advantage of the lake views, but Manyara's Secret makes up for that. In a special position on the eastern shore of the lake, this place has large, luxury villas, multiple swimming pools (some villas have their own), and terrific food. Get a massage, meet the local Maasai or simply soak up the views.

Day 4

Lake Manyara National Park

Accommodation

Manyara's Secret

Your next safari stop is Lake Manyara, a fantastic and relatively compact park. There is so much to look forward to here. To start with, there's the dramatic scenery of cliffs, forest and lake all in a relatively small area. You're also in for a treat when it comes to wildlife. Lake Manyara is famous for its elephants that roam the forests, its gregarious troops of olive baboons, and its lions which, unusually, climb trees. It's a unique combination that offers something a little different to the other parks in Tanzania's north.

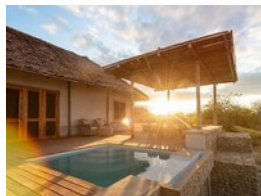

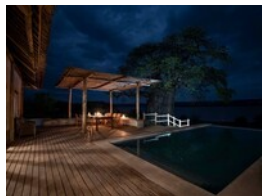

Mto wa Mbu

Watch the world hurry past in ethnically diverse Mto Wa Mbu, a small town where Lake Manyara meets the Great Rift escarpment.

Lodge

Staying at Manyara's Secret once is a treat. You'll return for a second time. Lucky you!

Activity *Day 4*

Rest of Day

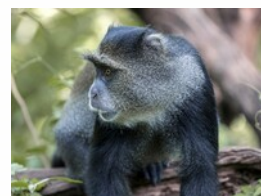

• Cultural tour, **Mto wa Mbu**

Today you will discover the green village of Mto wa Mbu and learn something about Tanzanian culture. The route takes you past the various plantations, through the village centre, the colourful fruit market and you can taste banana beer.

This can be done on foot, by bike or by tuktuk. Afterwards, you can recharge with a delicious local lunch. During this special meal, you will taste 10 different homemade dishes, carefully prepared by a local "mama." As you enjoy the food, you will also learn about the cultural meaning of each dish and the occasions on which they are traditionally served. From ugali and pilau to kachumbari and many other local favorites, you will soon discover the rich flavors of Tanzanian cuisine.

You'll also have a good chance of seeing big cats. This area has plenty of northern Tanzania's iconic acacia trees, as well as seemingly endless Serengeti horizons.

Crater Rim

Your day in and around Ngorongoro Crater could just be one of the most memorable of your whole safari. You'll explore the crater rim and then drive down onto the crater floor, where the critically endangered black rhinos are the stars of an astonishing wildlife show. You'll almost certainly see large-tusked elephants, at least one of the Ngorongoro's four lion prides, and wandering clans of spotted hyenas. It also just happens to be one of Africa's most beautiful corners, a hidden world where you'll be surrounded by steep, deep-green crater walls, a salt lake, forests and hippo-filled waterways.
